

AAA9 Advocate April 2020

COVID-19

#AAAsAtWork

None of us have experienced a virus like this one in our lifetime. While we are staying in place and sheltering at home, many essential workers are diligently working each day to help our older and disabled adults stay safe with services and supports they need to remain at home. AAA9 has a dedicated work force throughout our nine county region who are

working from their own homes while caring for their own children and/or being caregivers to family members who count on them for assistance. Below are just a few of the faces hard at work, each and everyday.

Approximately 80 million Americans have received their stimulus check. Many more Americans will receive deposits into their banking accounts in the next week. There is some confusion about those who will be receiving paper checks. These checks are being sent to Americans if the IRS did not have any direct deposit information on file.

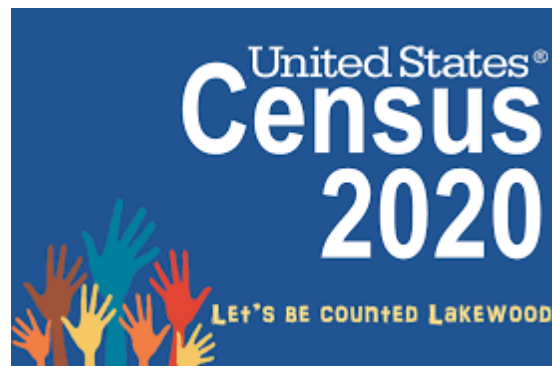

You can check your status once every 24 hours at

<https://www.irs.gov/coronavirus/get-my-payment>

Where's My Stimulus Check?

Census 2020

Despite the nation's attention on the COVID 19 pandemic, the 2020 Census is still in motion, although the deadline has been extended to October 31, 2020. Ohio's rate is above the national response rate and we have more we can do! For the first time, individuals can complete their census information online, and by the traditional methods of phone and regular mail. If you have not completed your 2020 Census, please take time to do so. Accurate accounting for all Ohioans is important to make sure future funding levels are the best they can be and that our representation in Washington, DC is consistent.

Helpful Information

Ohio's Primary Election

Ohioans will vote on April 28th, by mail in ballot only. There will not be any in person polling locations in the state. Contact your local county Board of Elections soon to request your ballot.

Coronavirus Information

The Ohio Department of Health is maintaining the latest data for all Ohioans through www.coronavirus.ohio.gov.

April is Sexual Assault Awareness Month

Many people may not be aware that sexual assault can happen to anyone at any age.

Older adults are at risk of being a victim of a sexual assault. If you have been a victim, reach out to your local law enforcement agency or call the national hotline at **1-800-656-4673**,

On the Horizon.....

May is:

Older American's Month (However, the vast majority of activities have been cancelled or postponed.)

National Mental Health Awareness Month

National Military Appreciation Month
