HOLMES COUNTY				
Warming Center / Shelter	Phone#2	City	Address	Notes / Transportation
HOLMES CO. SHERIFF'S OFFICE	330-674-1936	Holmesville		
Holmes Cty EMA	330-621-3672.			With the combination of possible power outages due to the high winds and the extreme cold, the Holmes County EMA office has created a county plan to open warming stations as needed. We have warming station agreements in Glenmont, Lakeville, Millersburg, Holmesville, Winesburg and Berlin. The EMA office will communicate the opening of any, or all, of the warming stations via WKLM as needed. We urge local residents to listen to WKLM for updates on the current weather situation. If we have a power outage and you have a resident that relies on electric for their home O2

				delivery system, please contact me directly at 330-621-3672. I have an agreement with a local establishment to provide shelter, with electric, for that population.
JEFFERSON COUNTY				
Warming Center / Shelter	Phone#2	City	Address	Notes / Transportation
