The Medicare Extra Help program can save you money at the pharmacy.

Are you living on a fixed income?

Medicare costs can add up.

There are programs that may be able to help if you're struggling to afford the costs of your Medicare health care and prescription medications.

Extra Help with Prescription Drug Coverage

The Medicare Part D Extra Help program (sometimes called the Low-Income Subsidy or LIS) helps pay for your Medicare drug coverage. If you get Extra Help, your monthly premium will be lower or free, and you'll pay less at the pharmacy.

To qualify, you must meet the following guidelines:

Income	Resources*
\$1,882/mo (single)	\$17,220
\$2,555/mo (couple)	\$34,360

*Resources are things like savings and retirement accounts. They do not include your car, home, or household items.

All assistance is completely free. Call today!

These benefits are available for Medicare beneficiaries of all ages.

Save on Medicare Premiums

There are other Medicare Savings Programs (MSP) that may also help pay for your monthly Part A or B premiums.

To qualify, you must meet income and resource guidelines specific to the program(s) you are applying to.

You can apply for Extra Help and MSPs at the same time. An online application is available at <https://secure.ssa.gov/i1020/start>
