Everyone has the right to receive the care they need in the settings they prefer.

There comes a time when seniors or persons with disabilities need a level of care that they cannot provide for themselves. AAA9 offers many different options in a variety of settings, from linking individuals with **in-home care services** to assisting with **nursing facility placement**.

AAA9 also works to **advocate** for changes that improve the lives of older adults and persons with disabilities and offer **support** and **resources** to **caregivers** providing care to a loved one, family member, friend or neighbor.
